

Today

at the Tucson Museum of Art and Historic Block I will...

- 1** Find a work of art in the gallery and discuss what was happening before the scene and predict what will happen next.
- 2** Look at a piece of art for 10 second. Now turn around and try to describe it in as much detail as possible! How many things can you remember?
- 3** Be a curator! Curators are people who decide which works of art are displayed together in the museum. Can you guess the themes of the different exhibitions by looking at the art that lives in them?
- 4** Find a work of art and discuss what the artist was thinking about when they created the work.
- 5** Share and discuss the different kinds of art at the Tucson Museum of Art. What was your favorite and why? Take a picture of your child with the work and share it with us at TodayInAZ.org/Activities.

Learn how you can get free admission to another great Arizona arts and culture destination. Simply upload a photo of your family doing one of these activities at TodayInAZ.org/Activities.

There's always a place for education.

Amazing things are happening in schools throughout Arizona, but learning doesn't just happen in the classroom. Simple everyday activities can be turned into opportunities to teach a child something new and wonderful and prepare them for success in school. On the other side of this sheet are ways you can support your child's literacy skills while you are here today.

Arizona is the proud home of many amazing arts and cultural venues, providing countless educational opportunities for kids and adults to learn together. Expect More Arizona has partnered with the following organizations across the state to show parents how to experience each venue with their children in rich and meaningful ways.

Visit TodayInAZ.org/activities to download an activity sheet for any of the partners listed below.

This program is made possible thanks to generous support from APS, our partner in the movement for world-class education for all children.

Visit TodayInAZ.org for more quick tips you can use to support your child's education.
